BLACK FIEND AMUCK

Negro Shoots Down 29 Men in Louisiana Town.

WAS SHOT, HUNG AND BURNED

May Have Been Cocaine Fiend—Shot Every White Man He Saw—Three of His Victims Were Negroes.

(By Wire to The Morning Star.)

Monroe, La., Aug. 24.—Angered, it is believed, because two of his friends had recently been shot by police officers in this city, William S. Wade, a negro, today ran amuck among the people of the principal street of Monroe with a double-barreled shotgun, shooting first at every white man he saw and then fired indiscriminately at every object before him.

The fire was returned and the negro finally fell dead with a bullet through his heart, but not before twenty-nine men, three of them members of his own race, had been more or less seriously wounded.

Seriously wounded: Hugh Bigger, police officer, shot in abdomen and thigh, may die; R. H. Grant, deputy sheriff, shot in neck and breast, may die; Simon Marks, merchant, Tuskekee, Ala., shot in breast and face, may die; George McCormick, manager Ouachita Lumber Company, West Monroe, arm shattered.

Slightly wounded: Dr. A. A. Forsythe, mayor of Monroe; D. A. Beard, banker; Ed. Strong, cashier Southern Express Company; Steve Burke, telegraph operator; Joe Thompson, dispatcher; A. A. Grenley, lumberman, Manuel Abromowitz, clerk; Albert Marx, merchant; C. E. Bynum, stenographer; J. L. Kendall, trainmaster Cronlin Mountain railroad; D. R. Truesdale, merchant; J. W. Merimam, express agent; Armand Baer, clerk; D. Ensell, traveling salesman; E. P. Davies, clerk; M. Braun, blacksmith; Roy Fisher, messenger boy; E. B. Edwards, steamboat man; I. L. Haas, merchant; Herman A. Bious, merchan; R. R. Ross, clerk; Fred McGrath, clerk; three negroes shot in face and body.

Wade's body was publicly burned after it had been cut down from a pole on which it hung half an hour or more after he was killed.

An invesigation by the police this afternoon showed that when Wade purchased the shotgun and a box of shells a few minutes before he opened fire on the first man, that there was nothing unusual in his manner. Other negroes who were with him in the morning say that he had not been drinking nor did he show any evidence of having taken cocaine.

Wade came to Monroe recently from Pine Bluff, Ark. He was accomapnied by several other negroes and they commenced to make trouble for the local police soon after they arrived.

It was alleged that they were members of a society in Arkansas which had as its object revenge for all injuries done the black race. As a result these negroes clashed with the police on many occasions and twice recently they have exchanged shots with officers.

It was alleged that Wade was heard to say that no white man was going to shoot him. No more attention was paid to him, however, until he started on his wild rampage today.

Rev. James Samuel Amzi Hunter, for 22 years a missionary of the Associate Reformed Presbyterian Church to Mexico, died yesterday morning at the home of his daughter in Gastonia. He was 62 years old.

THE VETERANS IN CHARLOTTE

Fully Two Thousand Old Soldiers Expected by Today—Sudden Death of Comrade Wiggins of Columbus County.

(Special Star Telegram.)

Charlotte, N. C., Aug. 24.—At reunion headquarters in the city hall tonight nearly 600 veterans have registered and an equal number is expected on the late night trains, and by the opening of the first session of the Confederate Veterans' Association of North Carolina tomorrow there will be present nearly 2,000 veterans.

Gen. J. S. Carr, and ex-Governor Jarvis arrived tonight while Justice Walter Clark is expected later tonight. The keys of the city are already in the hands of the veterans and they are receiving a royal welcome on all sides. By a systematic plan of organization the local committees are placing every veteran in a good home as rapidly as the old soldiers reach the city. Gov. Jarvis and Gen. Carr both remarked tonight that their speeches tomorrow would be impromptu and that they would talk to their comrades as the spirit moved them. An occasion of wildest enthusiam will be witnessed at the convening of the meeting tomorrow. The city is filled with veterans and their friends tonight and on every corner and along the streets the times of '61-'65 are being lived over again.

A very sad event occurred in connection with the State reunion tonight in the sudden death of one of the old soldiers, J. L. Wiggins, of Whiteville, in the Eastern part of the State. He had come to the city for the reunion and was sitting on the porch about 8 o'clock at the home of his son, J. L. Wiggins, Jr., when he was seen to fall forward and then to the floor. The veteran had answered the last roll call without so much as saying farewell. His death was soon known to all of the visiting veterans and the news cast a damper over the entire body of veterans here. The remains of the deceased will be sent home at 5 o'clock tomorrow morning for burial. The deceased was 62 years of age.

CUMBERLAND'S FIRST BALE.

Sold at Fayetteville Yesterday to Messers. Alex. Sprunt & Sons.

(Special Star Correspondence.)

Fayetteville, N. C., Aug. 24.—Cumberland's first bale of new crop cotton was ginned and marketed here today, the bale having been raised by H. McP. Kennedy, of 71st Township, and having been sold for account of Messrs Alexander Sprunt & Son at 12 1-2 cents per pound. Last year the first bale was sold on Sept. 1st, and it also came from 71st. The Fayetteville Observer this afternoon says that this is the earliest date on which new cotton has been sold here in years. The Observer also learns that the "Red Spider" has played havoc with a small area of cotton in the Raeford section.

AFFAIRS AT THE CAPITAL

Veteran Mason Celebrates Anniversary—Corporation Commission Hearing—Lenoir Court—Farmers' Convention—Other Notes.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 24.—R. H. Bradley, for more than a decade grand tiler of the North Carolina Lodge of Masons, celebrated today the 45th anniversary of his elevation to the degree of a Master Mason. Yesterday, August 23, was his 69th birthday. He is tiler of William G. Hill Lodge of Masons and the Lodge paid him a tribute at the regular meeting last night.

Counsel for the Southern Railway and the Carolina, Clinchfield and Ohio Railway companies appeared before the Corporation Commission today to argue the exceptions on the part of the railroad companies to make adequate facilities for the transfer of freight and passengers at Marion Junction, two miles from the town of Marion, McDowell county. The commission reserved judgment. James H. Pou represented the Southern and R. Norment Powell the C., C. and O.

The hearing of the petition on the part of citizens of Weldon, on the Atlantic Coast Line and the Seaboard Air Line to join in a union passenger station at that place was set for today, but is postponed until some date in Setpember yet to be announced.

Sub-station No. 1 of the Raleigh postoffice, corner of Salisbury and Jones streets, was broken open early this morning and a quantity of stamps, some small change and the superintendent's 44-calibre revolver was taken, also a quantity of tobacco, cigarettes and other goods from the stock of groceries. The safe was not molested.

The illness of Judge O. H. Allen made it necessary for Governor Kitchin to issue an order to Judge George W. Ward to hold the criminal term of Lenior county court this week.

A report from County Superintendent of Public Schools F. T. Wooten, of Columbus county, is to the effect that illiteracy in that county has decreased from 13 1-2 per cent. in 1902 to 4 2-5 per cent, and that more than $14,000 is raised each year now by local taxation for the schools. He has just car-

STRIKERS IN GLOOM

Pall of Distress Hangs Over Town of McKee's Rocks.

VICTIMS OF RIOT BURIED

Twelve Lives Sacrificed in Sunday's Fight With State Troopers—Three More Bodies Discovered Yesterday—Strikers Have Lost.

(By Wire to the Morning Star.)

Pittsburg, Aug. 24.—Gloom covered the little manufacturing village of McKee's Rocks like a pall today. Long funeral processions, pitiful in their attempt at proper decorum, wended their way at queer hours from the Greek Catholic Church to St. Mary's cemetery, a small burying plot just outside Schoenville. Strikers and their families crowded in the van of these funeral trains, dressed in their finery and bearing an air of deep grief. One band of eight musicians furnished the tunes to which the strikers tramped in dust and grime to pay their respects to the men they look upon as martyrs to a now lost cause.

The finding, late today, of three more bodies of terribly beaten strike sympathizers was also horrifying in its bhastliness for the troopers, for the dead and wounded, but they made little effort to spare the feelings of the men who gathered about them when the bodies, two under a pile of railroad ties and one under a culvert on the tracks of the Pittsburg and Lake Erie Railroad, were pulled into sight. The corpses, hardly recognizable as those of human beings, were hastily piled into a morgue wagon and turned over to the county officials.

With the burial of the dead strikers and the finding of the additional bodies, came a truce. From dawn to nightfall not a pistol shot was heard; neither was an arrest made. The striking men and their sympathizers during the day kept quiet and even gave up a mass meeting planned for the late afternoon, as they believed any gathering of the workmen could do no good at this time. Eugene V. Debs, the socialistic orator, was in McKee's Rocks to address the strikers, but even he declared that words were of little avail now, as the riots of Sunday night had for once and all placed the strikers in the position of outcasts whose cause was all but lost.

And on every hand tonight it is conceded that the strikers have lost their fight. The Pressed Steel Car Company plant today was in operation with over 1,000 men at work. These men, while not all skilled or finished workmen, turned out three steel cars which were placed on view just outside the car plant.

Martial law reigned supreme in the strike zone today. There was little chance for disorders to have developed effective headway.

Sixty-six men were loaded into a special car from the box car jails in the car company plant yard and brought to Pittsburg in the afternoon, where they were arraigned before a magistrate on charges of disorderly conduct and carrying concealed weapons. The informations were sworn to by State troopers. The men were later transferred to the county jail to await court hearings.

At sundown tonight began the search for weapons by the State police using search warrants issued by a magistrate under a law passed by the last legislature making it illegal for foreigners to have in their homes or their possession fire arms of any description. The total death list resulting from Sunday night's disorders now totals eleven, while two are in hospitals expected to die within the next 24 hours.

The less seriously injured are all reported to be improving slowly.

May Prosecute Officials.

Washington, Aug. 24.—Beyond admitting that instructions had been given to the United States Attorney at Pittsburg to maintain close observation of affairs at the plant of the Pressed Steel Car Company at McKees' Rocks, near Pittsburg, officials of the Department of Justice would not discuss the strike conditions today. It is rumored that there may be prosecution of officials of the company of charges of peonage, but this could not be confirmed.

ROCKINGHAM POWER COMPANY.

Hearing Before Pritchard to Show Why Sale Should Not be Confirmed (By Wire to the Morning Star.)

Asheville, N. C., Aug. 24.—In the case of S. Morgan Smith Company, against the Rockingham Power Company and Knickerbocker Trust Company; and Knickerbocker Trust Company cross complaint against the Rockingham Power Company, W. H. Browne, and W. A. Leland, as receivers, and the S. Morgan Smith Company, an informal hearing was held today before Judge Pritchard and on the rule issued by him to parties in interest to show why the sale of the power company's hydro-electric property to D. H. Thomas, representing the re-organization committee, should not be confirmed.

Counsel for the parties in interest substantially agreed on the terms of the decree to be signed.

RATE MAKING POWER

Supreme Court Overrules Inter-State Commerce Commission.

DECISION FOR RAILROADS

Commission Permanently Injured from Enforcing Its Seaboard to Missouri River Through Rates—Large Territory Saved.

(By Wire to The Morning Star.)

Chicago, Aug. 24.—Manufacturers and producers generally of the territory lying between Buffalo, Pittsburg and Parkersburg, on the east and the Mississippi river on the west, are regarded as the greatest beneficiaries by the majority decision of the United States Circuit Court today permanently enjoining the Inter-State Commerce Commission from enforcing its Seaboard and Missouri river through rate in the famous Missouri river rate case.

The opinions of Judges Grosscup and Kohlsaat (Judge Baker dissenting), if sustained by the Supreme Court of the United States, will greatly curtail the power of the commission over transportation rates restricting it to a sort of police court adjudication of specific cases of alleged discrimination. The rate making power remains in the hands of the railroads.

The Missouri river cities which would have profited had the Commission's order been allowed to go into effect, will be benefitted by the court's ruling in the Denver rate case, in which a temporary restraining order was issued today.

This case and the Missouri river case are similar in principle, the Denver case concerning the Commission's order of a new and reduced through rate between Chicago and St. Louis to Denver.

The Commission's order of June 24, 1908, reduced the rate on first-class freight from the Atlantic seaboard (east of Buffalo, Pittsburg and Parkersburg) to Missouri river points from $1.37 to $1.33. This order was issued upon representation of Missouri river manufacturers and jobbers that the seaboard rate of $1.15 to Minneapolis and St. Louis was a discrimination against them, inasmuch as the Minnesota cities, using the cheaper water rate of the Mississippi boats were able to undersell them in their own territory on articles coming originally from the seaboard. According to jobbers in Chicago, Detroit, and other central traffic cities, the order was a discrimination that would ruin their industries. They were not aroused, however, by the Denver case. This case was the Missouri river case over again, save that central traffic points and Denver would reap the benefit of a 23-cent reduction in the through rate which the Missouri river points would not enjoy. Missouri river interests were to lie protected against the middle West and Denver against the Missouri river. The Seaboard had an advantage in both rates.

In their opinion Judges Croscup and Kohlsaat held that Congress, in creating the Interstate Commerce Commission had not intended to place a power in the hands of a few men to build up one community or to ruin another. They held that in ordering the through rates at issue the Commission had greatly exceeded its powers.

In dissenting, Judge Baker discussed this point at length, declaring that the Commission in ordering the through rates had done nothing more than the railroads have always done. After the railroads were extended west, new through rates were constantly made and these rates were less than the joint rates. He declared that had the Commission not acted the railroads in time, with the growing wealth of the trans-Missouri country, would have followed their own precedent and made a through rate from the Seaboard to the Missouri. Surely if the railroads have this power Judge Baker argued, the Commission likewise has it.

"If Concress cannot constitutionally make a general declaration that the rates shall be reasonable," Judge Baker continues, "and not unjustly discrimnatory, and then trust an executive body to hear evidence, * * * the power of Congress over rates would be worthless, for it would be utterly impracticable for Congress itself to make enactments to cover specific instances."

OVERRULED DRY FACTION.

Board of Canvassers Declare That Dispensary Vote Was Won Fairly. (By Wire to The Morning Star.)

Columbia, S. C., Aug. 24.—The Richmond county board of canvassers met here today and, overruling the protest of the prohibitionists declared the vote in the recent liquor election to be 1,603 for dispensary and 841 against it. The prohibitionists alleged irregularities in three precincts. They will take their protest before the State board of canvassers which meets here Thursday.

Union county was added to the "dry" list today as the result of an option election. In Madison county 47 saloons were closed last night in obedience to the "dry" judgment in the option election. Anderson county seat will have a few saloons until November 8th.

FATAL COLLISION OF SHIPS

Columbia Sank When She Collided With Big Ocean Liner and 200 Passengers Were Either Killed or Drowned.

(By Cable to the Morning Star.)

Montevideo, Uraguay, Aug. 24.—In a driving rain storm about 6 o'clock this morning the Argentine excursion excursion steamer Colombia, and the North German Lloyd steamer Schlesian, collided at the entrance of Montevideo harbor. The Colombia was entering port and the Schlesian was outward bound for Bremen. The Colombia's body was crushed in and she sank almost immediately. Between 150 and 200 persons were killed or drowned.

The Colombia carried about 200 passengers and a crew of 40 men. Most of the passengers were asleep and panic followed the crash. Almost immediately small boats put out to the sinking steamer, but the work of rescue was rendered very difficult by the high seas. About 70 persons were brought ashore. Most of the dead are women and children. A majority of the survivors are men.

The Colombia was carrying excursionists from Buenos Ayres to a festival at Montevideo and the disaster has caused the keenest emotion. The Uruguayan government, in consequence, has postponed the fetes arranged for the celebration of the inauguration of the port.

The Schlesian, which was only slightly damaged, has been detained here by the port authorities. The commander attributes the collision to the wind and the high seas which made both steamers almost unmanageable. The channel is now partially obstructed by the wreck of the Colombia.

Most of the survivors of that vessel were taken from the masts and many of them were injured. While great numbers of women and children were drowned, almost every one of the ship's complement were saved.

Scores of bodies have been recovered and are now lying at the custom house, but many of them have not been identified.

The storm still continues, crippling telegraphic and telephonic communication between Buenos Ayres and Montevideo.

The Colombia was an old steamer of 1,200 tons, engaged in the regular passenger service between this port and Buenos Ayres.

The freight steamer Collingwood, 386 feet long, of Collingwood, Ont., was seriously damaged on the starboard side amidship last night near Detroit, Mich., in a collision with the steamer George L. Craid, of Toledo, in the Detroit river. The Collingwood reached the United States army dock at Fort Wayne in a sinking condition.

HARRIMAN SEEKING HEALTH

Returns to America a Tired, Sick Man, But Talks Freely of Hopes for Early Recovery and Building New Lines.

(By Wire to the Morning Star.)

New York, Aug. 24.—Edward H. Harriman, genius of finance, leader of men, and master builder of railroads, came back to the United States today while the financial world stood on its tip toes in anxiety and expectancy.

He came back as he left on June 1 last, a sick, tired man, seeking health. Tonight, surrounded by his family and physicians at his magnificent, though uncompleted Summer home, at Arden on the Hudson, he has begun the "after cure" which he needs after the ennerving baths and dietic treatment he underwent at the Austrian resort Bad Gastein. How long it will be before he resumes the active direction of his vast railroad interests depends solely upon his health.

Many great Americans have returned to their country's shores under extraordinary circumstances, but never has there been a more recognizable home coming of a private citizen than E. H. Harriman's. Great stock market operators paused as his ship drew near, the stock market itself marked time and the industrial world turned its eyes seaward, as it were, eager for a glimpse of the face of the man whose illness abroad has furnished much material for stock market rumors.

Although he flashed ashore a brief message of optimism at the request of the Associated Press, and conversed for a time with interviewers after the vessel's arrival at quarantine, it was not until he had come ashore, had been transferred from Hoboken to Jersey City and placed comfortably in his private car that Mr. Harriman talked freely about himself—his health and his hopes of early recovery. Then, reclining on a couch, pale and enfeebled, but with his usual optimism and tenacity of mind, he talked to an audience of more than a score of newspaper men before leaving for Arden.

Mr. Harriman discussed things trivial and pertinent and spoke lightly of the trying ordeals which physicians

It was joyful news that came to the fans at the electric matinee at Struthers' yesterday—the news of Wilmington's victory over Goldsboro and Wilson's half defeat in a doubleheader by Fayetteville, carrying the Sailor lads to first place in the league percentage and increasing very materially their chance of again winning the pennant in the Eastern Carolina League.

Sexton was the lad who did the work in the rifle pit for the crew and every man on the Wilmington team did his share towards winning the victory. Otis, the Terrible, was on the slab for the Giants, but Otis possessed no terrors for the reconstructed marines and they batted and bunted and pilfered their way to victory with apparent ease. A telegram last night says:

Goldsboro, N. C., Aug. 24.—Goldsboro again lost to Wilmington on account of Sexton's superb box work and good support and dumb base running of Giant Sharp. In the ninth with one down, Sharp, of Goldsboro, set the fans crazy with a three-base hit to left field fence, but the next two proved easy outs. In the first Nichols found Otis for a two bagger to right, Nichols stole third and scored on Guerrant's bingle to center. Guerrant stole second, Smith singled to center and by fast fielding and pretty throw of Epler, Guerrant was thrown out at the plate. Smith went to second on the throw, Brodie and Sharp fanned. In the sixth Nichols hit one slow to Otis and beat the throw to first. Guerrant sacrificed, Smith out short to first, Nichols going to third. Brodie hit to short, who was playing deep and beat the ball to first, while Nichols scored.

Three of the seven hits garnered off Otis' delivery came in the very first inning. Nichols celebrating Wilmington's sensational dash for the pennant by smashing out a hit to right field for two bases and stealing third; Guerrant, next up, smacked another to right and Nichols scored; Capt. Dick Smith then lambasted another to centre for one base, but Guerrant was caught at the home plate. Capt. Dick going to second. But after that Handsome Harry Otis settled down to "biz" and Brodie and Sharp fanned. Kelly started Goldsboro's half of the first with a swat to left, but Epler was out attempting to bunt third strike, Sharp flew to right and Crockett was out second to first.

In the second Brennan flew to centre, Kite to right and Jayes whiffed. Goldsboro: Gettig led with a single to right and was sacrificed by Doak, but Smith flew to left and after he had taken third on a passed ball, Stubbe flew out to third.

In the third period Sexton was out second to first and Nichols and Guerrant fanned. For Goldsboro Otis flew to left, Kelly to right and Epler fanned.

Capt. Dick was given life on four wide ones in the fourth and Brodie sacrificed, but Sharp flew to centre and Smith was doubled at second station. Goldsboro: Sharp flew to third, Crockett fanned and Gettig flew to left.

Brennan opened the fifth with a single to left and was passed to station 2 by Kite, but Jayes was out catcher to first and Sexton second to first. Giants Doak, Smith and Stubbe were out short to first, fly to centre and to first unassisted.

The Sailors piloted another around the stations in the sixth when Nichols bunted to Otis and beat it out and was sacrificed by Guerrant, and Smith short to first, scoring on Brodie's hot one to short; Sharp was safe on error at second, but Brennan fanned. For Goldsboro Otis fanned, Kelly flew to Guerrant and Epler was out to Nichols.

Kite was given a pass in the seventh and was sacrificed by Jayes, but Sexton flew to pitcher and Nichols to right. Sharp started Goldsboro's half with a bingle to right and Crockett duplicated the hit to right, but Gettig hit to pitcher and Sharp was out to third; Doak then hit to short, forcing

POLITICAL PELLAGRA.

This we take from the Greensboro Daily News (Republican):

"The Charlotte Observer's Washington correspondent says there is a plan on foot there to move the bodies of some of North Carolina's dead Congressmen back to their native land. This is doubtless an important matter and one that should be atended to, but in this connection we would like to know what is going to be done with some of the Congressmen the State now has who appear to be dead to her real interests?"

Of course, this javelin from the News is hurled at some or all of the seven Democratic Representatives from North Carolina and the inference is that their places should go to Republicans who will not "appear to be dead to her real interests."

In order to make a political point, our esteemed Republican contemporary—and we do esteem it as an enterprising and excellent newspaper—seeks to do injustice to seven valuable Democratic Congressmen, or at least the News refuses to appreciate their services to the State.

What Congressman either Democrat or Republican is dead to the real interests of North Carolina? There are three Republican Congressmen from the State, but if they have ever set the woods on fire at Washington no news of the conflagration has ever reached this neck of the woods. However, we are not prepared to say that they are dead to the interests of the State, but we will go further than the News to say that if any Democrat or Republican Congressman is a dead duck in the political pond at Washington, he should be left at home next year.

There is no reason why either a Republican or a Demorcatic Congressman should be dead to the State's best interests. We can differ with a man in his political principles and policies but if he is worthy of respect and does his duty as he sees it, we can appreciate any valuable services that he may do for his State. Can the News do that?

When Senator Pritchard (Republican) was one of North Carolina's representatives at Washington, he did valuable service for the port of Wilmington and he was commended by the Democratic press in Wilmington and elsewhere in North Carolina. His brand of politics did not prevent appreciation of a service that a wooden-headed man could see that it was his earnest aim to render. Democrats didn't begrudge any appreciation that was due him, and when North Carolina Republicans can get in the same boat, with the scales of political prejudice removed from their eyes, so they can see some good in a man outside of his politics, they will begin to challenge some respect from men who can discriminate between a Congressman's politics and any valuable service that he may do for his State or his district.

North Carolina is as much the State of a Republican as it is of a Democrat and outside of the principles they represent they both ought to work harmoniously and unitedly for the interests of the State. When they do so their services are entitled to appreciation from men of all shades of politics.

The Star is not at all stuck on the politics of Congressmen Morehead, Grant and Cowles, but if they have rendered any valuable service by work or influence in promoting Wilmington's 30-foot navigable channel project, or in behalf of the great inland waterway project, or in furtherance of the proposition of the Appalachian forest reserve, or in bringing to North Carolint Government experts in drainage, agriculture, horticulture and dairying, in order that the State may reap an immense benefit—why then they are entitled to the commendation of all the people of North Carolina. They may have done all these things and we hope they have. If they have done so the News would make more capital for its party by giving them a boost, than by underestimating the valuable services of such men as Godwin, Small, Page, Pou, Thomas, Kitchin, and Webb, all of whom have worked faithfully, effectively, and some of them heroically, for all the important projects which we have enumerated, not to mention appropriations for a half million dollar custom house for North Carolina's seaport, for decent postoffice buildings for their districts, monuments to mark battlefields, etc.

"Give the Devil his due." Let the News shuck off its partisan grouch, or take something for its political pellagra, and while holding fast to honest convictions on political principles, let it indulge a little broad-mindedness.

If an editor acts nice and does his best, even in a bad political cause, he can actually bring up the tail-end of the procession with a broad smile on his face.

CITIES MUST GET IN TOUCH FOR BUSINESS.

We know of one town in eastern North Carolina that did not want a good road connecting it with any other town. The business sense of the people of that town are in strange contrast with the progressive idea prevailing at Durham and other cities which are anxious to be linked together by modern highways. They know that it will make business and means progress for all.

The Durham Herald remarks upon this subject.

'If Durham can arrive at an understanding with the surrounding towns whereby it can connect with them with good roads it does not care whether it gets an automobile highway or not."

The enlightened Herald looks far enough ahead to see the advantages of good roads that will furnish a class of interurban traffic that cannot be handled in any other way except over the country roads.

Each town on a modern highway of any kind gets its share of the logical business that its location commands, just the same as do the cities and towns on the railway lines. What would be thought of a town which would want a railroad running out of it but touching at no other point? It would be a railroad without business, and it would be a dried up town, as can be readily conceived by any man with enough brains to make a frying noise in a skillet.

SAVINGS IN SOUTHERN BANKS.

The last report of the Comptroller of the Currency at Washington shows that the National banks in thirteen Southern States carry savings deposits aggregating $44,048,395. This is in addition to the savings deposits in State and private banks, which added to the total would make the showing greater, thus demonstrating that the South is accumulating wealth of the kind that is laid by for a rainy day. The States referred to and the deposits credited to them are as follows:

Alabama national banks hold $2,284,941, Florida $3,668,901, Georgia $4,138,735, Kentucky $1,864,166, Louisiana $2,163,219, Mississippi $247,352, North Carolina $1,224,653, South Carolina $5,033,646, Tennessee $3,964,387, Virginia $13,359,339, West Virginia $3,369,820, Texas $2,348,147 and Arkansas $386,089.

BOTH BETTER OFF.

The Greensboro Record remarks:

"When Mr. Taft comes to a full realization of the men appointed as census supervisors in this State he will realize the full force of what he said in his Greensboro speech—that the Republican party in the South would be better off with Democrats holding the offices."

Er—er—the Democrats would also have been better off, and the census would have been better off. Why don't President Taft follow the dictates of his judgment?

Prosperity does not hurry along because Congress has finished tinkering with its tariff bill, but it comes along in company with the farmer when he sells his cotton, peanuts, tobacco, corn, wheat and other farm products. Give us good crops and you can stick your tariff bill up your sleeve.

Women around Durham seem to hit the target when they shoot at a man. The old joke that a woman can't hit anything with a rock might still hold good, but when it comes to landing a bullet our confidence in her poor marksmanship has had a rude shock.

We are no advocate of "cussing," but you have our unreserved permission to get mad as Old Tucker and employ a strenuous variety of vilifying epithets when you are trying to go somewhere on a devilish mean road. Sick 'em, Tige!

A California woman advocates the chloroforming of all idiots. No doubt a woman with extreme ideas like that wouldn't hesitate to recommend the axe for the fools who keep on making the unloaded gun do business.

The hook worm seems to attack those who can least afford to be infested with such an enemy to the vitality that is needed by people who have to work for a living.

The dispatches state that railroad travel is heavy in the West. It is heavy in the East. It is prosperity on the move.

The time will soon be here when the umpire can "take his clothes and go."

CURRENT COMMENT.

—North Carolina, Tennessee, Kentucky, Missouri and Oklahoma are the five Southern States which Mr. Taft regards as Republican in connection with census jobs. Of course, there can't be any objection to the President practicing deception on himself—Greensboro Telegram.

—This old-new disease pellagra, which has claimed several victims all over the State recently, seems to have all the doctors guessing. It may be due, in part at least, in some instances, as is claimed, to eating bread made from mouldy corn meal, but nobody believes that bread made from sound corn properly ground and cared for has anything to do with it.—Lumberton Robesonian.

—Too much cannot be said in behalf of the movement for good roads which is now not only being agitated in this State, but in all this section. The good roads people have sentiment crystalizing in their favor, and if they will keep up the agitation it will stimulate the work of building roads which has already been started, and in a few more years we will have good roads all over this section.—Raleigh Evening Times.

—The Charlotte Chronicle expresses surprise that in referring to the new directory of this city no mention was made in the News of the present population of Greensboro. Our statisticians have been so busy figuring how far Greensboro was going to lead Charlotte in the baseball percentage column that we have had little time for anything else. We find, however, that the population of the State's leading city is at present 43,557.—Greensboro News.

—Says the Wilmington Star: "In noting that Charlotte has only five policemen, the Charlotte Observer thinks it appalling for a 'city of 50,000 people.' Looks like they take every two or three weeks off for an upward revision of the directory man's population estimates." We are not so much surprised at Charlotte being "a city of 50,000 people" as at the statement that she has only five policemen. Charlotte is a town right, and one that grows by leaps and bounds; but there must be some error in the report that she has only five policemen! Kinston, which is not over a fifth the size of Charlotte, either in area or population (on the 50,000 basis), has four policemen to look after malefactors, etc.—Kinston Free Press.

—The Pessimist—We'll pay for all this fine weather later on. Optimist—Well, cheer up! That's the regular time for paying for things, isn't it?—Puck.

—The Sunday School class was singing "I want to be an angel." "Why, don't you sing louder, Bobby?" "I'm singing as loud as I feel," explained Bobby.—Delineator.

"May I ask you a question?" "Sure, stranger." "Why is everybody in this section mixed up in a feud?" Well, nobuddy keeps to take chances on being an innocent bystander."—Louisville Cuorier-Journal.

—Ethel—Which do you think is better, Charley, to say 'I propose to do a thing" or "I purpose to do a thing?" Charley (rashly)—I propose. Ethel—You do, Charles? Oh, this is so sudden! But I am your dear. Of course, you have known that for a long time.—Somerville Journal.

—An Irishman was sitting in a depot smoking when a woman came and sitting down beside him, remarked: "Sir, if you were a gentleman, you would not smoke here." "Mum," he said, "if you were a lady ye'd sit farther away." Prelly soon the woman burst out again: 'If you were my husband, I would give you poison." "Well, mum," retorted the Irishman, as he puffed away at his pipe, ' if you wuz my wife I'd take it."—Kansas City Independent.

—Sanford Times: Mr. W. B. Dowdy, living at the edge of town on the northeast, has one-third of an acre of corn that beats anything we have ever seen. It is on top of a hill and such a deep green as to be almost black. This is the second crop on the land, he having raised and sold $52.50 worth of cabbage off the same land in the spring, and from this crop of corn he expects to get 50 bushels, also $15.00 worth of fodder, and peas growing in the rows, which will pay for the fertilizer and harvesting of the crop. If anybody can beat that we would be glad to hear from them.

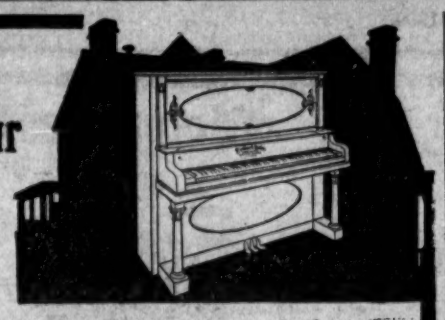
Put a Piano in Your Home and Save $113



If you can spare a few cents a day you can join the Ludden & Bates Piano Club and have a piano in your home at once. For $287 we sell you an elegant, high grade cabinet grand piano valued at $400. Right here you save $113, but we also arrange for a free musical education for you—instruction that has the approval of the country's foremost experts. The piano is placed in your home upon payment of the initiation fee of $25 and the balance can be paid a little at a time to suit your convenience.

We offer this unparalleled opportunity because we sell in lots of one hundred instead of one—that is the club plan—and you get the benefit of the big saving.

The Ludden & Bates New Scale PIANO

embodies finest material and workmanship, and is equal to highest priced instruments.

It has full metal frame, overstrung bass, copper wound strings; the full, clear, sweet, "singing" tone found only in the best pianos—case in several superb designs, in mahogany, oak or fancy walnut. It is guaranteed for a lifetime.

If the head of family dies we cancel club contract and the piano is yours without payment of another cent, and remember that with all this high quality—all insurance against loss, we teach you music free. A stool and scarf are given free with every piano.

Write us at once for an application blank and complete description of different styles of finish. We will select a piano of just the exact style and wood you desire. We will see that you get a perfect instrument in tone and action.

Write for full information at once—club is now forming.

DO YOU PATRONIZE HOME INDUSTRIES?

Those of you who have been making your purchases away from Wilmington should think before patronizing mail order and houses away from home any further.

Who sympathized with you when your little girl was sick? Was it the mail order house?

Who carried you last winter when you were out of a job and had no money? Was it the mail order house or was it your home merchant?

When you want to raise money for the church or for some needy person in town, do you write to the mail order house, or do you go to your home merchant?

How much does the mail order house give towards keeping up sidewalks or paying the minister's salary?

When you were sick how many nights did the mail order house sit up with you?

When you had to raise money to pay your gas bill, did you get it from the mail order house or a home merchant or contractor?

When your loved one was buried, was it your home merchant who dropped the tear of sympathy and uttered the cheering word, or was it the mail order house?

THE UGLY RHINOCEROS

Flabby and Stumpy, Yet He Is as Quick as a Flash.

NOTED FOR HIS KEEN SCENT.

The Stupid Looking Brute Has a Nose That Makes Up For His Almost Useless Little Eyes—He Can Wheel at Full Speed Like a Polo Pony.

At first sight the African rhinoceros appears to be heavily handicapped by nature as regards his anatomy. His flabby, loutish body, short, stumpy legs, small, unblinking, piglike eyes and prehensile upper lip all combine to give him an air of stupid inactivity. Yet let him once scent danger, and how quickly is this idea dissipated. If lying down at the time, he is on his legs and facing the cause of disturbance in a flash. If satisfied that the danger is real, he turns in a second and is galloping up wind at a pace that compares favorably with that of a good horse.

To avoid obstructions he can turn and wheel at full speed like a polo pony and is capable of keeping up the pace for miles. In a straight race between a rhinoceros and a horse over two miles of the average country in which the former is met with, consisting, as it usually does, of black cotton soil and ordinary veld, the rhino would be fully able to hold his own.

Being very sure footed, obstacles, cracks in the ground and small holes which would cause a horse to stumble, if not come to grief altogether, have no effect on him whatever, and he will gallop down one side of a khor and up the other, leaving loose stones and debris rattling, but without one false step.

His great physical defect is his sight, his eyes being of very little use to him, and the hunter may walk straight up to him in open country till within 100 yards and, without exercising very much care, can by stalking, should the ground be fairly favorable, easily get within twenty yards before firing, always provided the approach is made from the leeward side. Any advantage he may lose owing to his bad eyesight is fully made up to him by his sense of smell.

The phrase "a nose like a fox terrier" is often applied to keenness of scent. This should rather be "a nose like a rhinoceros." There is very little chance of getting on terms with him if the approach is made from windward.

If lying down, he almost invariably does so with his nose pointed down wind, consequently the hunter approaching, as he naturally should, from the leeward side, has only the quarry's defective sight and hearing to contend with.

In the daytime the rhino bird, or oxpecker (Buphaga africana), acts as a protection to him, sleeping and waking. There is a superstition among the natives that these small birds perform the duties of sentry. To a certain extent this is true. They are always flitting about and hanging on to him, feeding on the ticks with which he swarms, and on the approach of danger flutter about with little hoarse cries, which have the effect of rousing him and, if continued, cause him to rise up and look around.

It is almost impossible to calculate correctly what the action of a rhino will be on becoming aware of danger. No two of them seem to behave in the same way in similar circumstances. On the whole, it is safe to say that if only disturbed he will retreat, but should he be actually annoyed and see his enemy he will retaliate and charge.

Serious loss and delay are often caused by a rhino charging a caravan. Yet this action is nearly always forced upon him and occurs through stupidity rather than premeditated malice. The head of a caravan, say, of 300 porters, extending over two or three miles of country, passes to windward of a rhino. He gets the scent and moves up wind and perhaps nears the center of the caravan, when, being thoroughly alarmed, he turns off a little, only to strike the tail end.

Being now puzzled and seeing at last, as he thinks, the original cause of his annoyance, he charges straight through, on his way horning a load or two hastily cast aside by the porters on his approach. He then passes on to leeward of the caravan and, being at last delivered from the annoying scent, moves on into more peaceful territory. Yet a person who had not watched his progress from the start would think that he had come from a mile or more away with the deliberate intention of exterminating the caravan.

On the whole, it may be said that the disposition of the rhino is on a par with that of most animals and many human beings—they wish to be left alone, and unless worried they will not make trouble.—London Field.

Two Ways.

"De man dat waits to learn by experience," said Uncle Eben, "is liable to put in his precious time gettin' cured of a mule kick while de man dat used common sense is gettin' his corn planted."—Washington Star.

—Lieutenant W. D. A. Anderson, of the Corps of Engineers at West Point, who has been here on a visit to Captain Earl I. Brown, has returned home.

—Mr. I. G. Lawrence, of Durham, a well known contractor, has been spending a few days in Wilmington and at the beaches on a visit.

—Mr. W. A. McGowan and family have returned from the beach where they have been spending the Summer and are now at their home, 507 South Front street.

—Mrs. T. W. Clawson, who has been spending the Summer at Asbury Park, N. J., returned yesterday evening and has been cordially greeted by her many friends in Wilmington.

—Mr. John C. McAllister has returned from a very pleasant vacation spent at his former home in Philadelphia, Washington, New York and other places of interest in the North.

—Miss Estelle Eichelberger, of Tampa, Fla., who has been spending several weeks in the city, visiting friends, left yesterday for Charleston, S. C., where she will visit before returning home.

—Among these registered at The Orton yesterday were: Assistant District Attorney J. A. Giles, Durham; W. B. Pratt, Charles A. Torrence, Geo. R. Page and J. G. Weddington, of Charlotte.

Yesterday afternoon's Fayetteville Observer says: "Master William Glover returned from Washington, D. C., last week and left yesterday for Wilmington to visit his aunt, Mrs. Nash E. Bunting."

—Geo. H. Howell, Esq., referee in bankruptcy; Woodus Kellum, Esq., of the Wilmington bar, and Mr. Meares Harriss, expert court stenographer, went over to Whiteville yesterday to attend a hearing in the matter of the Rabon bankruptcy.

—Lumberton Robesonian: "Mrs. J. F. Head and infant daughter left Friday morning for Wilmington, where they will spend a week or ten days visiting relatives. Mr. Head went to Wilmington Friday night, returning yesterday afternoon."

—General Superintendent J. Levin, Electrician S. R. Crowder, Inspector W. B. Powell, of Atlanta, and District Superintendent L. J. Maxwell, of Richmond, of the Western Union Telegraph Company, visited the Wilmington office yesterday on their regular inspection trip.

'Twas A Glorious Victory.

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work nor get about," he writes, "and the doctors did me no good, but, after using Dr. King's New Discovery three weeks, I feel like a new man, and can do good work again." For weak, sore or diseased lungs, Coughs and Colds, Hemorrhages, Hay Fever, LaGrippe, Asthma or any Bronchial affection it stands unrivaled. Price 50c. and $1.00. Trial Bottle free. Sold and guaranteed by R. R. Bellamy.

LOCAL DOTS.

—First Church of Christ, Scientist, Market and Seventeenth streets. Services tonight at 8:15 o'clock. All are invited.

—It has been reported here that Judge H. G. Connor, of the Eastern District of North Carolina, will be engaged in the Circuit Court of Appeals November 8th, the time the next session of Federal court here is set to open. If this is the case there will be a postponement of the time of opening court here and Judge Connor will not be in the city on the day of President Taft's visit as was hoped.

—It was learned yesterday that the marriage of Mr. Maro S. Potter, of Atlanta, Ga., and Miss Lucile Elizabeth Lowry, of Columbia, S. C., announcement of which was made in The Star yesterday morning, was performed at the home of the officiating minister, Rev. K. D. Holmes, on Fifth street, at 8:30 o'clock, on the evening of July 30th. The secret of the couple was well guarded by the few who knew of the ceremony.

—Considerable excitement was created on Princess street, between Second and Third, about 6 o'clock yesterday afternoon when a pair of horses attached to a wagon came dashing down the street at break-neck speed. The horses belonged to the City Livery Company and turned in at Second street, where their progress was stopped by other vehicles standing in front of the stables. The horses were unhurt and the wagon was not damaged.

JUSTICE BORNEMANN'S COURT.

Several Cases Tried Yesterday Morning—Old Offenders.

Justice Bornemann had a bunch of minor cases for his consideration yesterday morning. Sarah Williams, colored, who two months ago swore out a peace warrant against her husband, Mitchell Williams, who has served that period in the county jail and on the roads, appealed to the justice to release her husband on the ground that she was satisfied he had been sufficiently punished. In accordance with her request the negro was released. He lacked four months completing his time of six months. Hester Carr, colored, who owed the justice some old costs, was nabbed Monday night by Deputy Sheriff Howe and lodged in the county jail and will probably have to go to the farm. Fred Williams, colored, was given a sentence of three months on the county roads, being found guilty in three cases—vagrancy, assaulting his wife and threatening her. Officers have been looking for him since the 1st of February. He was arrested by Deputy Sheriff Howe. A number of other cases were tried, but too trivial to mention.

PLENTY OF MUSIC AND FUN.

Will Be Served in Fine Style at Academy Tomorrow Night.

The Smart Set, the well known and popular colored organization, under the same management as Black Patti, comes to the Academy tomorrow night, as the initial attraction of the season. This time The Smart Set is being seen in a bright new musical comedy and one that has been pronounced of splendid type. The Charlotte Observer last Saturday paid the attraction this tribute:

"The Smart Set, an organization of colored performers, opened the theatrical season in this city last night at the Academy of Music to a top-heavy house. The Smart Set was seen here last season, and proved one of the best colored shows that visited this city. The company this season is equally good as last year, and the new vehicle, 'George Washington Bullion,' served to give the star of the show, Salem Tutt Whitney, a good opportunity to show his real worth as a comedian. The supporting company was clever and the performance as a whole was exceptionally good."

Seats will go on sale at Plummer's this morning.

FIRST RACE FOR TROPHY.

Class A Boats in Banks Channel This Afternoon—Two More Races.

The first race for the Walters-Jones trophy among Class A boats of the Carolina Yacht Club will be sailed this afternoon at 3 o'clock in Banks Channel. There are three races in the series and another will be held on August 30th, and the last one on the 8th of September. The club's regattas this season have been particularly intresting and the three races beginning with the one this evening will be the feature of the season.

There will be 10 entries all among the Class A boats and much interest is manifested in the outcome. Mr. Jones has requested that the trophy be sent immediately. It is a handsome loving cup bearing the inscription, "Walters-Jones Trophy, Class A Boats, Carolina Yacht Club." The name of the winner will be placed on the cup after the races. The trophy will be awarded for the largest number of points gained in the contest, allowing one point for entry and one point given each boat for wining over other contestants.

Picnic at Castle Haynes.

A basket picnic will be given on Rocky Run farm, at Castle Haynes, on Thursday and it promises to be an enjoyable and interesting event. There will be some interesting features in connection with the outing and the public is invited to attend. The committee on arrangements is composed of Mr. H. A. Rau and Mrs. W. H. Shearin.

Cured Hay Fever and Summer Cold.

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interefered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Robert E. Bellamy.

VETERANS GO TO CHARLOTTE

Annual Reunion Begins in the Queen City Today—Eastern North Carolina Well Represented. The Programme.

The Seaboard Charlotte-bound passenger trains yesterday morning and yesterday afternoon had on board a large number of Confederate veterans from New Hanover county and this section of the State who went to the Queen City to attend the annual reunion which will be held in that city today and tomorrow. The round trip fare from this city to Charlotte and return was very low and as a result the attendance of veterans from this section will be unusually large for a State reunion.

Charlotte has made elaborate preparations for the event and the veterans are anticipating one of the most enjoyable reunions ever held. Reports received in Charlotte are to the effect that the attendance from every section of the State will be very large and preparations for accommodations have been made accordingly.

One of the features in connection with the reunion this year is the gathering of the survivors of the Battle of Bethel, the first battle of the memorable conflict between the States. The ranks have grown very thin, but it is believed that there will be about 20 of the survivors of the battle at the reunion. The idea of holding the reunion of the survivors of the first battle of the war was conceived by Mr. L. Leon, of Wilmington, a member of Company C., First North Carolina Regiment, who issued a call to his comrades through The Star. Mr. Leon arrived in Charlotte Monday and was heartily welcomed to the Queen City, where he resided before coming to Wilmington.

General J. I. Metts, commander of Cape Fear Camp, United Confederate Veterans, who is also brigadier general of the third brigade North Carolina Confederate veterans, has his headquarters at the Buford Hotel and the other members of the Cape Fear are stopping there also.

The opening session of the reunion will be held at 10:30 o'clock this morning, prayer being offered by Chaplain A. D. Betts, following which the visitors will be formally welcomed by Mayor Hawkins and Col. E. A. Osborne, of Charlotte. Gen. Julian S. Carr, of Durham, will make the response, following which the veterans will be addressed by Chief Justice Walter Clark, of the State Supreme Court, ex-Governor T. J. Jarvis and other distinguished veterans.

The programme of the afternoon session includes a recital by Mecklenburg Camp Mascot, Miss Ruth Taber Porter; recitation, "Lee to the Rear," by Miss Bessie Burkheimer; introduction of Mrs. Burkheimer by General Carr; election of division and brigade commanders. This evening, beginning at 8 o'clock, the veterans will be entertained at Vance Park by Stonewall Jackson Chapter, Daughters of the Confederacy. An interesting programme has been arranged and refreshments have been provided.

At 9:30 o'clock tomorrow morning the veterans will gather at corner of Second and Tryon streets and after forming a line will march over several principal streets and return to the Court House. Immediately following the parade, from 11:30 to 12:40 o'clock, the veterans will be entertained by Mrs. E. B. Burkheimer at No. 11 West Vance street, after which they will go to Lakewood Park, where a barbecue will be served. The barbecue will be the concluding event of the reunion and the veterans will begin leaving Thursday evening for their homes.

DAUGHTERS OF CONFEDERACY.

Held Splendid Meeting and Arranged for Entertainment.

A meeting of Cape Fear Chapter, Daughters of the Confederacy, with a splendid attendance, was held yesterday morning at the W. L. I. armory to commemorate in an appropriate manner the anniversary of the founding of the Fayetteville Independent Light Infantry. During the session, in addition to the exercises the Daughters arranged for a high-class entertainment to be given by Miss Louise A. Williams, of Augusta, Ga., at an early date.

Miss Williams was present at the gathering and consented to give the entertainment under the auspices of the local chapter. She is an accomplished and noted impersonator of wide literary attainments. Miss Williams is a most charming young lady and the entertainment will be interesting and pleasing. She has only recently completed a trans-continental tour with the Great Wester Musical Lyceum Bureau. The date of the entertainment will be announced within the next few days.

The event promises to be one of the literary successes of the season and a committee on arrangements, composed of 25 ladies, were selected as follows: Mrs. Cuthbert Martin, chairman; Mrs. M. S. Willard, Mrs. F. L. Huggins, Mrs. Georgie Pritchard, Mrs. Louise DeRosset, Miss Rosa Rush, Miss John James, Mrs. James F. Woolvin, Mrs. F. A. Lord, Mrs. W. M. Creasy, Mrs. E. K. Bryan, Mrs. Sol Sternberger, Misses Alice Borden, Thurber Gore, Mary Calder, Lizzie Peck, Minnie Brown, Julia Parsley, Charlotte Fennell, Maggie Price, Mrs. Joseph D. Smith, Mrs. S. W. Sanders, Mrs. M. L. Stover and Mrs. William L. Beery.

The Laurel Wreath Committee was appointed for the month to consist of Mrs. John Hazelhurst, Misses Elizabeth Woodward and Lillie Brown.

The concluding feature was the awarding of Crosses of Honor to Comrades D. C. Littleton and William Cannon.

DIED.

HENRY T. B. WREDE, at the home of Mr. Martin Schnibben, No. 403 North Seventh street. Funeral this (Wednesday) afternoon at 4 o'clock from residence. Friends and acquaintances invited.

Magnificent Showings —OF— Fall Silks

Enchantingly Pretty Weaves, Radiant With Autumnal Colorings

Beautiful as the mountain side when the Autumn sun shines on the trees and grasses of dull brown, green and gold, are the new silks for the coming season.

Rich messalines, taffetas and rough effects and every weave which Fashion has declared worth while is here at a tempting price. Silks which are correct in every detail.

There is a lot of humbuggery about silks. Many a beautiful sheen conceals a coating of lead, to give weight, which causes the fabric to cut with very little wear.

When you buy our silks you buy absolutely the best quality to be had. That is why among women of this vicinity our silks have such a recognized standard.

Choose the silks for the new dress from among these enticing values.

Extra Interest will Center in these $1.25 Messaline Silks, this week at $1.00.

Full yard wide in all the new shades. Exceptionally good value to start the season.

Trimmings to match are also here.

These consist of braids and Persian net bands. You'll like the quality.

MR. WREDE PASSES AWAY.

Died Yesterday Afternoon at Home of Relatives—Funeral.

The death of Mr. Henry T. B. Wrede, who passed away yesterday afternoon at the home of Mr. Martin Schnibben, No. 403 North Seventh street, following a lingering illness, will be learned of with sincere sorrow by many friends.

Mr. Wrede had been in declining health for some time and only recently returned to Wilmington from the mountains, where he spent two years in the hope of being restored to health. He was a native of Germany and came to this country about eight years ago. He was a musician by profession and had made his home here for some six years.

The deceased was in the 32d year of his age and there are surviving him in the city three sisters and two brothers, as follows: Mrs. Martia Schnibben, Mrs. John G. Kuhlken and Miss Dora Wrede, and Messrs. Herman T. F. Wrede and Johannes Wrede. The deceased was a young man of fine qualities and was highly esteemed by all with whom he was acquainted.

He was a member of St. Paul's Lutheran Church and of Eyota Tribe of Red Men, and the remains will be laid to rest with the honors of the latter organization. The funeral will be this afternoon at 4 o'clock from the residence, thence to St. Paul's Lutheran Church at 4:30 o'clock, from which place they will be carried to Oakdale cemetery. The services at the home will be conducted by Rev. Geo. S. Bearden, pastor of St. Matthew's Lutheran Church.

IMPROVE GREENVILLE ROAD.

Material is Now Being Placed on the Thoroughfare.

Material for the improvement of the Greenville Sound road, from the point where it intersects the Wrightsville turnpike to Greenville Sound, a distance of two or three miles, and considered about the roughest thoroughfare in the county, is being placed and it is expected that within a few weeks the construction work will be commenced. The material is being hauled to convenient points on the highway by the Tidewater Power Company, which recently put down a spur track at Greenville. The improvement of this road has been under consideration for a long time and recently the County Commissioners decided to begin the work as soon as possible and with this in view preparations were at once begun for transporting the material. It is stated that work will also be commenced in a short time on the Federal Point road. This road will connect with the Whiskey Creek road, which connects with the Masonboro road. The Federal Point road extends southward from Front street in the direction of Carolina Beach.

LONGFELLOW TRIAL TODAY.

Sensational Bigamy Case Comes Up in Lenoir County Court.

Considerable interest is being taken here in the trial of James S. Longfellow, a former resident of this city, who will be placed on trial for bigamy in Lenoir county court today. The sensational case originated some time ago, when it was alleged he was married to a Kinston young woman in Norfolk, while his wife was living in this city.

Mrs. Longfellow No. 2 made the charge against her husband, after which he was arrested and placed under bond of $3,000 for appearance in Lenoir court. It will be recalled that Longfellow absolutely denies the charge. Several witnesses have been summoned from this city, among whom are Messrs. Geo. Grant, J. R. Elmore and W. C. Boesch. They have been summoned by the defendant and left last night for Kinston, where they will testify at the trial today. Longfellow while here worked for the Armour Fertilizer Works and since he had been out on bond, which was furnished by a surety company, has visited this city several times. His wife, Mrs. Longfellow, of this city, is living here with her mother, on Red Cross, between Second and Third streets. Mrs. Longfellow was summoned last week. Longfellow during the past few days telegraphed his wife here, requesting her to appear at the trial, but yesterday she was still in the city.

FOOTBALL ASSOCIATION.

Some Good Games Will be Played Here This Season—Officers.

An enthusiastic meeting of the Wilmington Football Association was held last night at 8:30 o'clock at the W. L. I. armory, and officers were elected and plans discussed for the coming season, when it is proposed to put a strong team in the field.

In the absence of the president of the Association, Mr. W. A. Peschau presided at the meeting, with Mr. R. H. Grant, secretary. The Wilmington team last season was the independent champion of this section of the South and some good games will be arranged this year between Charleston, Waycross, Savannah and several other cities in this State.

The officers chosen are: Col. W. F. Robertson, president; N. S. Morse, secretary and treasurer; Benjamin Bell, Jr., manager; T. J. Gause, assistant manager; W. A. Peschau, captain. The Association will hold a number of meetings before the beginning of the season to select a winning squad.

Red Men Attention.

The members of Eyota Tribe are requested to meet at their wigwam this afternoon at 3:30 o'clock to attend the funeral of Brother Henry T. B. Wrede. Members of Cherokee and Laxipolka tribes invited to attend. By order of Sachem. F. T. SKIPPER, Chief of Records.

THE RECORDER'S COURT.

Yesterday's Session of Short Duration—One to Roads.

The principal defendant in a brief session of the Recorder's Court yesterday morning was Walter Thompson, colored, arrested early yesterday morning by Patrolman Frank George for firing a pistol on a street in Brooklyn. After he was placed under arrest the negro was searched and a pistol found on his person. The officer heard the report of a pistol and when he arrived at the spot whence he was sure the sound came there was no one in sight but Thompson. Believing that he was the one who fired the shot the officer arrested him and found the pistol. The Recorder sentenced him to pay a fine of $25 and costs or three months on the roads. He will likely go to the roads. The defendant was represented by Wm. J. Bellamy, Esq., who argued that the officer had no right to search the negro for a pistol without first obtaining a warrant.

Kittie Wells, a denizen of the underworld, arrested Monday night for vagrancy and recognized for her appearance before the Recorder, failed to answer when her name was called. A capias was issued for her.

A case against Thos. Divine, colored, charged with selling whiskey, was called, but continued until today at the request of the defendant, who wanted time to secure a lawyer. Patrolmen Frank George and Hall and a negro are the witnesses against the defendant.

MULLETS RUNNING LIVELY.

Indicated by Good Catches During the Past Week—The Fishermen.

Several fine catches of mullets have been made during the past few days by various fishing crews and there is indications of a good season. One fishing crew made catches aggregating 1,300 bunches in two days and the average catches for every day have been fairly good.

The fishermen on the Sounds expect an unusually large haul during the last of this week and first of next, when they think the enormous schools, which fishermen ran into off Beaufort Monday morning and landed a half million pounds will reach here. The Masonboro Sound fishermen have been the lucky ones this season and are reported to have made the best catches.

PROPERTY TITLES SEARCHED

Assistant District Attorney J. A. Giles Here Past Few Days—No New Developments in Condemnation Proceedings.

Assistant U. S. District Attorney J.A. Giles returned last night to his home in Durham, after spending several days here searching the titles to the property on the proposed custom house site, having completed his work yesterday afternoon.

Mr. Giles was asked when the Government would take the next step in the condemnation proceedings of the property and he replied that it could not be done until notice was served on the heirs to the property of Mrs. Russell, whose death occurred recently in Savannah, Ga. The summons will be issued and served on the heirs within a few weeks and shortly thereafter it is expected that District Attorney Harry Skinner will apply to the court for the appointment of appraisers who will assess the value of the property. The property owners will, of course, have the right to appeal from the decision of the appraisers and demand a hearing before a jury. Mr. Giles was not prepared to say just when the district attorney expected to ask for the appointment of the appraisers, but he thought that it would be in a short time. Asked if he thought the officials of the department intended to consider seriously the request of the citizens of the city that the custom house be erected up town instead of on the wharf, Mr. Giles said he did not know, but the instructions are now to proceed with the condemnation proceedings. In this connection Mr. Giles said that personally it appeared to him that the Government lot between the postoffice and Second street would have been the logical place for the building. In his opinion the appropriation made by the Government for the custom house would have erected a building adjoining the postoffice that would have been a credit to the South.

DISTRICT MEETING JUNIORS.

Arranged for Gathering Here on October 14th—Committees Met.

At a meeting of the joint committee from Jeff Davis and Geo. Washington councils, Jr. O. U. A. M. in the council room last night arrangements were perfected for the District Meeting of the order, which will be held here on Thursday, October 14th. There are 14 lodges in this district and the meeting will be one of much importance and interest.

Aside from setting the time for the gathering, committees on arrangements were appointed and officers designated as follows: B. D. Hamilton, district deputy; Dr. M. H. P. Clark, assistant district deputy; John E. Wood, secretary; J. C. Lewis, warden; J. H. Williams, inside sentinel; T. W. Callihan, outside sentinel; John H. Beery, chaplain. Committees were named as follows: Programme, John E. Wood, J. H. Curtis, J. W. Overby; refreshments, W. W. Galloway, E. C. Woodbury, T. W. Callihan; decorations, J. L. Anderson, J. H. Beery, Dr. M. H. P. Clark; music, J. H. Beery, Ed Register. Dr. M. H. P. Clark; reception, J. W. Overby, Ed Register, E. C. Woodbury, J. H. Williams and J. L. Anderson.

Another meeting of the committee will be held soon to make additional arrangements.

THIN FOLKS MADE PLUMP.

Samose Ideal Flesh Builder Says Druggist J. Hicks Bunting.

Thin people are simply suffering from want of nourishment.

If you are thin, it is because the food you eat is not assimilated and passes through the system without building up the flesh and tissue as it should.

You can readily get plump and rosy by using Samose, a tissue forming food, which when taken with the meals, immediately becomes a flesh building and life-giving element in the blood.

Use Samose for a few days and increase of life, vigor and weight is felt and you will notice yourself getting plump and rosy.

Samose builds up the system, puts flesh on the bones, brings back the glow of health to the pallid cheeks and removes the tired and languid feeling which is the result of exhaustion and low vitality.

J. Hicks Bunting Drug Co., are introducing Samose to their customers and recommend it highly. They give the best proof of their belief that by offering to refund the money if it fails to increase the weight and restore good health.

WAIVED EXAMINATION.

Arthur Walker Charged With Assault With Deadly Weapon.

The trial of a case against Arthur Walker, colored, charged with assault with a deadly weapon upon Allen Arnold, colored, on July 22d, was called in Justice Harriss' court at 6 o'clock yesterday afternoon, but through his attorney, George L. Peschau, Esq., the defendant waived examination. The case will come up before the Recorder this morning. It is alleged that Walker struck Arnold over the head with a whiskey bottle, injuring him to such an extent that he had to be taken to the hospital, where he remained several days. Walker was tried before the Recorder a few days ago on the charge of store-breaking in two cases and in one he was sentenced to the roads and in the other he was bound over to the Superior Court. He took an appeal from the road sentence and has been in jail since.

VARIOUS COMMITTEES NAMED

Work of Arranging Details of Plans for Taft Day to Begin at Once. Statement of the Committee.

In order to have ample time for the arrangement of the details of the programme for Taft Day—November 9th—and that the coming of the President can be thoroughly advertised throughout the State, particularly in the eastern section, the committee held two important meetings yesterday in the office of Collector of Customs B. F. Keith, at which time the various committees were appointed.

The committees are expected to begin at once active work on the plans for the big day. The executive or central committee, of which Mayor Walter G. MacRae is the ex-officio chairman, will, of course, review and pass upon the work of the various committees. In addition to the committees named yesterday there will be a large number of out-of-town members of the reception committee and their names will be announced later. The State guard will be invited to attend. The Mayor of every town and city in the State and the president of every commercial body in the State will be invited to serve on the reception committee. The plan is to open a bureau of information at once for the purpose of advertising the event and giving any information that is desired.

Among the features of the day will be a military, civic and industrial parade, traversing the principal streets of the city and the procession will be reviewed by the President from some given point. It has not been decided where the President will speak. This will be taken up by one of the committees at an early date. The proposed trip down the Cape Fear river was discussed at length by the members of the committee. The suggestion had been made by some that the trip should be abandoned in order to give the President more time in Wilmington. The committee thought that this would be an unwise thing to do. It was pointed out that at first the President proposed to spend only a few hours in this city and the strongest argument used in getting him to extend his visit was that he might have the opportunity to go down the river and visit the forts—the one it is hoped to some day make a National Park, and the other on which extensive improvements were made while the President was Secretary of War. The committee also desires that the President see Wilmington's harbor and the necessity for a 30-foot channel. The President heartily approved of the proposed trip down the river and the members of the committee are satisfied that it would be his desire to take the trip. It was decided, however, to make the trip as short as possible, returning to the city within four hours. The members of the committee thanked Mr. B. F. Keith, Collector of Customs, to whom the President's secretary has addressed all of his communications, for the interest he has shown in arranging for the entertainment of the President. Mr. Keith has been at work for a long time trying to get the President to visit Wilmington and being an official representative of the government here the President naturally looked to him to aid in the work of making arrangements for the day.

A special escort committee, composed of some of the most prominent citizens of the city, will go to Charleston or Augusta to meet the President and return with him and his party to Wilmington. The arrangements for the big day are now assuming definite shape and the entire programme will doubtless be prepared within the next few weeks.

The meeting yesterday afternoon was attended by Mr. B. F. Keith, Mayor Walter G. MacRae, Mr. J. A. Taylor, president of the Chamber of Commerce; Mr. W. E. Worth and Mr. Z. W. Whitehead. Immediately upon the adjournment of the meeting Mr. J. A. Taylor dictated the following statement for The Star:

"The tentative programme published in the papers was to the effect that President Taft's visit to Wilmington would be from 12 M. to 7 P. M. on the 9th of November. Mr. B. F. Keith, Collector of Customs, immediately addressed a telegram to Mr. Fred W. Carpenter, secretary to the President, followed by a letter, apprising him of the fact that the time allotted to Wilmington was wholly inadequate to our wishes and requesting that a full day be allowed, specifying among the attractions old Fort Fisher and Fort Caswell and an examination of the public works on lower Cape Fear river. In response to urgent representations Mr. Carpenter wired Mr. Keith on August 13th that the President would arrive in Wilmington at 12:40 A. M., November 9th, and leave at 7 P. M., thus giving a full day to Wilmington. This was followed by another telegram requesting a detailed programme of the President's entertainment, and this request was repeated by wire a day or two later. Under these conditions Mr. Keith, feeling the necessity of prompt action, called in conference Mayor Walter G. MacRae, Z. W. Whitehead, W. E. Worth and J. A. Taylor and requested them to assist him in formulating a tentative programme. These gentlemen had no desire to appear prominent in the matter and only acted as they thought courtesy to the President and the good name of Wilmington demanded. The programme was accordingly arranged and given to the press and Mr. Carpenter approved same by telegraph, which he later confirmed by letter. The gentlemen acting with Mr. Keith, at his request, saw no impropriety, and see none now, in their action. President Taft's official representative recognized Mr. Keith as the proper channel of communication and it would have been discourteous for the gentlemen not to have rendered the assistance asked for. Having been drawn into the matter as described these gentlemen thought it would expedite matters by prosecuting the arrangements to a conclusion and therefore have given out committees to perform their proper functions. It is unnecessary to say that politics has had no part in their determination as the personnel of the committees will clearly show."

The various committees follow:

CROWDS AT MONTREAT.

Mountain Resorts Thronged With People From Far and Near.

Montreat, N. C., Aug. 23.—The Montreat hotels and cottages are full to overflowing. Mr. W. H. Smith, railway and express agent here, with much gratification and pride states to your correspondent that the business of the railway and express company is more than double that of last year. This is the strongest kind of proof of the rapid growth and prosperity of this section. Montreat is a glorious place, good people, pure air and fine water. It is estimated that there are almost 2,000 cottagers and visitors here at this time, principally from North Carolina, South Carolina, Georgia, Mississippi, Tennessee, Alabama, and Florida. It seems that of those who come here, none desire to leave until compelled to do so. There are several here from New Hanover, Pender, Columbus, Brunswick, Bladen and Duplin.

MESSENGER BOY INJURED.

Collided With Telegraph Pole on North Fifth Street Last Night.

Master Lloyd Thomas, one of the bright young messenger boys at the Postal Telegraph Co., was painfully but not seriously hurt last night about 11 o'clock while riding his wheel out North Fifth street to deliver a message. In the street he passed two bull dogs lying on the ground and one of them took after the boy. He was looking back in his effort to outdistance the canine when suddenly he dashed head-on into the telegraph pole and was rendered unconscious. A colored chauffeur in an automobile that was passing found the lad and he was carried into the residence at 511 North Fifth street, where he was given attention and restored to consciousness, after which he manfully returned to his work. Lloyd doesn't know what became of the bull dog that was giving him such close pursuit when the crash came.

MR. WM. McLEOD TO LEAVE.

Accepts Position With Interstate Commerce Commission.

Many friends of Mr. William McLeod, special accountant in the comptroller's office of the Atlantic Coast Line Railroad, learned with regret last night that he will leave Wilmington the first of September for Washington, D. C., where he has accepted the position of special inspector of the Interstate Commerce Commission. They congratulate him, however, upon securing the position which is one of greater responsibility and probably carries with it a considerable increase in salary. It has not yet been announced who will succeed Mr. McLeod, who has been with the Coast Line many years and is one of the most popular and efficient of the clerical force.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: John VanB. Metts and wife to Clayton Everett and wife, for $10 and other considerations, lot on north side of Orange street, 112 1-2 feet east of 11th street, 37 1-2x66 feet in size; Wm. E. Mayo and wife to Fort Fisher Land and Development Co., for $25, all that tract of land in Federal Point township formerly owned by John Hewlett; Alex. O. McEachern and wife to Bessie McLaurin Mills, for $100 and other considerations, tract of land in Harnett township near the property of Mr. Duncan McEachern; Sue A. Cooper to Herman Vogels, for $312.50, five acres of land in the Castle Haynes settlement, beginning at corner of Prince George avenue and Sycamore road.

Splendid Chance to Recover.

Mr. Ed L. Prince received a telegram last night from Louisville, Ky., to the effect that Mr. Edmond Prince, Jr., son of Mr. Horace C. Prince, who was seriously stabbed in that city by a negro Sunday morning, was out of danger unless complications develop. The only danger now seems to be from pneumonia. The attending physicians will be able to determine within a day or two whether or not there will be any complications. The fact that Mr. Prince seems to be getting on nicely will be pleasing news to his many friends here.

Death of Mrs. Patty Minor Loeb.

News has just been received here of the death of Mrs. Patty Minor Loeb, formerly of Wilmington, which occurred at her home in Charlottesville, Va., August 12th. Mrs. Loeb was a daughter of the late Dr. Minor of the University of Virginia and the widow of Mr. Jacob Loeb, a merchant, of this city. She was a teacher in the schools here for some years and had a host of friends who will learn of her death with much regret.

HARRIMAN SEEKING HEALTH

(Continued From First Page.)

had prescribed for him abroad.

"I am entirely satisfied with my trip abroad as far as my health is concerned," he said, "and I have nothing on my mind except to come home and take the 'after cure.' I lost ten pounds while over there and for a little fellow like me that is a great deal."

Lying back on a pillow, his pale face seeming even paler in the artificial light of the car, Mr. Harriman's quaint humor and cheerfulness of mind was in marked contrast to his physical condition. As he talked, his wife, and Judge R. S. Lovett, vice president and general counsel of the Union Pacific, stood by and gently admonished him not to overtax his strength.

But Mr. Harriman waved them aside and continued to talk. His voice was weak. "The photographing those doctors put me through was worse than upon my arrival here—for they X-rayed me and did everything they could."

Laughing softly as he recalled his experiences, he said: "They took 16 different photographs of my digestive organs on the skiagraph, and to make the pictures a success they began feeding me on bismuth and rice. Bismuth and rice, I understand, show up better on the plates.

"I had a great deal of fun during it all," he said, "but I lost three pounds during the photographing process and once got a little shock. The doctors overlooked a little tack in the machine which they stood me up against—I came in contact with it. It frightened me a little but I stuck to it."

Talks of Railroad Plans.

Turning to railroad matters he said: "Three years ago I was called a speculator. That was when Union Pacific was placed on a 10 per cent. dividend basis and Southern Pacific on a 5 per cent. dividend basis. I had a hard time convincing my associates that the roads could pay such dividends, but I had come to realize that we were building, not better than we knew, but quicker than we knew. It was difficult for me to comprehend them developments and returns which followed our construction work in the West were so enormous and so rich.

"Do you mean to put the surplus earnings into the roads rather than to turn them over to the stockholders?" he was asked.

"Yes, that's about it," he said. "That's my plan—construction and development—and I guess the public and the press are convinced now that I am not a speculator."

Mr. Harriman would not say just what new undertakings he proposed. "But," he said, "it is in my mind to open up new territory and to make new tributary lines. This means new settlements, and more people."

This attitude he emphasized throughout his talk on railroad matters, leaving the inference that he contemplated improvements rather than increased dividends. In this connection the action of the directors of the Union Pacific and Southern Pacific railroads today is significant. Both met but declared only the regular dividends.

Street Car Traffic Blocked.

Street car traffic was blocked for something like half an hour at Front and Red Cross streets yesterday afternoon about 5:30 o'clock, when car No. 25 of the South Wilmington line stalled on account of the motor burning out. Before the car could be moved from its position four other cars were blocked behind it and the service on this line was materially interrupted, until the car could be pushed over on the Beach track for the shed.

Prescribed by Doctors.

Lydia E. Pinkham's Vegetable Compound, an honest, tried and true remedy for feminine ills, holds the record for the largest number of actual cures of any similar remedy, and is prescribed and recommended by hundreds of fairminded doctors who do not fear to recommend a worthy medicine even though it is advertised.

SPIRITS TURPENTINE

—Hope Mills, Aug. 23.—The Hope Mills Furniture Company has moved into its new concrete building, and things look in a good business-like shape.

—Yadkin Ripple: A small child of Mr. Sam Joyner, of near Sandy Springs, was accidentally shot by Robert Gross Sunday evening. Gross, a boy about 14 years old was handling a rifle, when it was accidentally discharged, the ball hitting the child in the temple, ranging upward, lodged in the brain. The child was still living yesterday.

—Asheville, Aug. 23.—Cherokee Indians, a team composed chiefly of Carlisle Indian school players, defeated the Asheville "Red Birds" here tonight in a game of baseball played by electric light at Riverside Park, by the score of 11 to 8. The game, novel for Asheville, was witnessed by a good crowd.

—Wilson, Aug 23.—The body of a dead negro, Ed Finch, was found last night on the side of the track of the Norfolk and Southern Railroad. The body was cut half in two by an excursion train that passed in the night. It is claimed that he was killed and his body put on the track. He had been to the house of a woman he was to marry next Sunday. Dr. Battle, the coroner, is holding the inquest.

—Aurora, Aug. 23.—There will be a drainage meeting here on Thursday, the 26th. Mr. J. O. Wright, supervising drainage engineer, of the United States Department of Agriculture, will be present, and Hon. John H. Small, Congressman from this district, expects to be present with him. The matter of drainage is an important one and it is hoped that the meeting will be largely attended.

—Winston-Salem, Aug. 23.—Mrs. Hannah Siewers today made a gift of $5,000 for the purchase of a pipe organ for the home Moravian Church, to take the place of the one which was in Salisbury. Mr. Crowell has been brought here from Germany over a century ago. Prof. Muzzy, of Boston, the new voice instructor at Salem Female College, has also been engaged as choir director for the home church.

—Durham, Aug. 23.—J. W. Carlton, a merchant of Wake, was arrested here this afternoon with double team and 14 bolts of cloth stolen from the Erwin cotton mills. The goods were discovered in the woods and reported to the cotton mills. While the officers were looking for them the wagon was loaded and started towards Leesville, where Carlton lives. The team and man were caught in east Durham. Later another bolt was found in the store in Wake. They were taken out by breaking into the mill. Calton was held in bond of $600, which he gave and returned home.

—Lumberton Robesonian: It is good news that the Raft Swamp Co-operative Milling Co., will locate its flour mill here. Lumberton gladly welcomes new enterprises, be they large or small. The plant this company proposes to operate will meet a real need and will cause many farmers to plant wheat who would not otherwise do so. Some have given as their reason for not sowing more land to wheat the fact that there have been no facilities for having wheat ground in this section. The fact that an up-to-date mill will be located in Lumberton will remove that reason and many who have been buying their flour and meal will make them at home. The Robesonian hopes that this plant will meet with such encouragement and success that it will be necessary to enlarge very soon.

—Durham, Aug. 23.—Upper Wake and lower Durham are filled with outraged neighbors, who are on the trail of Hilman High, of Durham, who ran away Saturday with the 15-year-old daughter of James Markham, well known tobacco planter. An uncle, F. S. Brown, was in town today and said that there will be quick work of High if caught. The girl is his niece and their unthinkable infatuation has crushed the parents. Among the most infuriated men is High's brother, who says he will do nothing to sotp a public demonstration against Hillman High. Nothing but the most meagre facts could be learned of the fleeing relatives. A man by name of Wilson, of Redmonds Grove, took them to Selma for $5 and they have not been seen since. Though the crime was committed in Wake, Sheriff Harward says feeling is intense in the neighborhood. High leaves a wife and child here, having separated from them years ago. He is about 40.

—Asheville, Aug. 23.—A private message received here today was to the effect that Judge Goff had refused to revoke a previous order allowing the North Carolina Mining Company to appeal from the United States Circuit Court of Appeals, where the finding was in favor of the Westerfeldts, to the Supreme Court of the United States. This simply means that the case now goes to the Supreme Court and that the next argument or hearing will be heard in the highest court in the land. This noted suit of the North Carolina Mining Company against the Westfeldts, involving the right to copper deposits in Swain county, alleged to be worth a million dollars, has been before the courts a number of years, having twice been heard before the North Carolina Supreme Court and later removed to the United States Court by the Mining Company, where it was decided favorable to the Mining Company by Judge Pritchard, but thrown out by the Circuit Court of Appeals on grounds of being not appealable; later, upon motion of the Mining Company Judge Goff granted an appeal to the Supreme Court and it is this order which he today refused to annul.

WOMAN'S NIGHTMARE

No woman can be happy without children; it is her nature to love them as much so as it is the beautiful and pure. The ordeal through which the expectant mother must pass is so full of dread that the thought fills her with apprehension. There is no necessity for the reproduction of life to be either very painful or dangerous. The use of **Mother's Friend** prepares the system for the coming event, and it is passed without any danger. This remedy is applied externally, and has carried thousands of women through the crisis with but little suffering.

The Seaboard Tour

Washington, Niagara Falls, Toronto, Thousand Islands, Montreal, Quebec, Down Lake George and Champlain and Four Days in New York City, at Very Attractive Rates.

Leaves September 1st—Personally Conducted by Mr. C. H. Gattis.

The SEABOARD announces their second ANNUAL TOUR, personally conducted, by C. H. Gattis, District Passenger Agent, chaperoned by Mrs. C. H. Gattis, same being under their personal supervision, through the North and Canada, taking in all the principal and most attractive Resorts in the East, leaving Raleigh September 1st, via Portsmouth—Norfolk, Old Point Comfort, up the historic Potomac to Washington, thence through Baltimore, Philadelphia and the scenic Lehigh valley to Niagara Falls, Toronto, taking in the Grand Toronto Exhibition, through the Thousand Islands, down the St. Lawrence River to Montreal and Quebec, returning via Lake George and Lake Champlain through Saratoga and Albany to New York, where four days will be spent.

The cost of the trip will include railroad, steamship and Pullman fares, transfers hotel accommodations, side trips, etc., as shown in itinerary—in fact will include practically every necessary expense with the exception of a few meals en route and while in New York city, and is made at the lowest possible amount.

This route has been selected after the most careful consideration, giving the best advantage for sight-seeing at most interesting points. Sufficient length of time will be spent at all stop-over points for sight-seeing and all arrangements made for the pleasure and comfort of the party.

C. H. Gattis, District Passenger Agent, will devote his entire time to the party and will look after all necessary details, etc., for the comfort and pleasure of all, and this is assured as the Seaboard has had considerable experience in handling these tours, as any one who has been with them in the past will be glad to tell you.

Mr. and Mrs. Gattis will be assisted by Mr. and Mrs. James Ker, Jr., of Charlotte, N. C.

For itinerary of tour write at once to the undersigned and those who desire descriptive literature relative to route over which party will travel, etc., will be forwarded same upon receipt of request with 25 cents in postage to cover mailing of same.

The party is fast filling up and those desiring to join should make reservation without delay.

Attractive Variable Route—Excursion Fares by the ATLANTIC COAST LINE.

The Atlantic Coast Line has issued a folder announcing attractive excursion fares to a number of Eastern resorts, including Niagara Falls, Montreal and Quebec, going and returning by the Atlantic Coast Line as far as Washington, but by widely variable routes north of that city, that is, a passenger can select almost any route from Washington to destination and return by almost any other regular route.

These rates open up a new method of traveling and will no doubt be largely patronized, as New York, Boston and nearly all the Eastern resorts can be reached by one of these "Variable Routes," or what may be more properly termed "Circular Tour," tickets especially as liberal stop-over privileges will be allowed.

One of the folders giving the routes in detail with rates and other information may be obtained by calling on or addressing the undersigned.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Aug. 24.—The cotton market was a little more active than yesterday but fluctuated within a narrow range, closing steady at a net advance of 1 to 5 points. The market opened steady at a decline of 1 to 3 points and during the first few minutes active months sold 3 to 4 points net lower under scattered offerings inspired by indifferent cables and reports of improved weather in the southwest, owing to lower temperatures and scattering showers. There seemed to be good buying at the decline, the market getting support from some of the large spot houses and from brokers connected with the interests who wear leading sellers on the recent break. This chacked the decline and during the middle of the day prices firmed up to a net advance of about 3 to 6 points on covering by early sellers who weer disappointed that rains in Texas had not brought out more long cotton, and who were also influenced by the character o fthe early buying and reports of improved trade condition abroad. Later fluctuations were irregular with the market reacting slightly from the best, but showing a generally steady tone and closing within 2 or 3 points of the best. Opinions regarding the effect in rains were conflicting and the day's crop news, on the whole, seemed to cause no modification of views concerning the probable crop. Bullish traders were inclined to make a point of improved trade conditions as confirming expectations of very large requirements next season, but uncertainty regarding the effect of a free new crop movement is evidently a factor in restricting general trade.

Receipts at the ports today 7,021 bales, against 2,400 last week and 17,993 last year. For the week 25,000 bales against 14,397 last week and 71,498 last year. Today's receipts at New Orleans 1,333 bales, against 487 last year, and at Houston 2,336 bales, against 12,596 last year.

Spot closed quiet; middling uplands 12.75; middling gulf 13.00; sales none. Futures opened steady and closed steady.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Aug. 24.—The dry goods jobbing market was most active for the day. Large special sales have been arranged for this week and next in cotton and woolen goods. Fgures showing stocks of cotton goods in China and the movement for the past six months came to hand during the day and are regarded as promising a better business in the late Fall. Cotton yarns continue quiet. In men's wear lines trading is quiet after a successful initial Spring business.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, Aug. 24.—Operations in the stock market were governed largely by the circumstances attending the arrival of E. H. Harriman. Almost all other considerations and factors were smothered by this event. The "Street" was showered all day with bulletins recording the progress of the ship towards port, and some encouragement was manifested in a wireless message sent by the railroad magnate to the Associated Press some hours in advance of his landing, wherein he spoke of his condition as being good and reiterated his statement of June 1 last. Opening figures were reflected by an uncertain undertone. The movement was irregular with fractional advances in many of the better known issues and soon were returned to substantial losses.

Recovery was rapid, however, and by 1 o'clock practically the whole list was above the previous day's best prices. Reading and United States Steel were the most conspicuous issues, the latter advancing to within a fraction of its recent high record.

The bond market was irregular and in sympathy with the stock market. Total sales par value $2,967,000. Government bonds weer unchanged. Total sales today 783,700 shares.

FINANCIAL MARKET.

LUMBER AND SHINGLE MILLS

The largest stock of cypress shingles carried in the State. We always have over a million in stock.

We make 13 different grades and sizes, varying from $2.00 to $10.00 per M. Our shingles are recognized in the Northern Markets, as well as in the West Indies, as the very highest standard, both in grade and manufacture. "We have a standing guarantee that " we give (2) good ones for (1) bad one."

Don't buy any shingles that do not have W. W. Koch in large type on every bundle.

We do not dip the ends of our shingles in red ocre to hide windshakes and other defects. Don't buy until you get our prices and compare the shingles. We make and dispose of 20,000 shingles per day.

We furnish all the shingles t for the government at Fort Caswell, ours being the only shingles tat stand government inspection.

AFFAIRS AT THE CAPITAL

(Continued From First Page.)

tied a local tax election in Fair Bluff district. This means 33 local tax districts in the county, 24 of them being for the full limit of 30 and 90 cents.

A charter is issued for the Grand Theatre, Raleigh, with J. V. Highman, W. H. Sneed and John C. Drewry as incorporators. The capital is $15,000 and the purpose is to provide a hign class vaudeville and moving picture show in a new and especially designed theatre.

In delivering the address of welcome out at the North Carolina Farmers' Convention, at the A. & M. College, this morning Commissioner of Agriculture Graham said the department had just closed the most largely attended tours of farmers' institutes in the history of the State: Five parties each with some six or more experts in various phases of agriculture and two with especially equipped cars of machinery and other demonstration appliances carried free by the Seaboard Air Line and the Southern Railways, have been out since July 14th, the institutes caring for both the instruction of the farmers and their wives and daughters. This course, he said, has been adopted for the reason that if the boys are to be kept on the farm the girls must be kept there too. Too many are taking business courses and ging to town. Other notable features of the sessions today were: "The Crime of Gullying," by Prof. C. L. Burgess, department of agriculture; "Soil Preservation," E. S. Miller, Progressive Farmer; "Agriculture's Debt to Science," Dr. F. L. Stevens; "Progress in Agricultural Education," President Hill, of A. & M. College. The convention will continue until Friday. The attendance is very good.

BASE BALL

National League.

New York, Aug. 24.—New York and Pittsburg divided a doubleheader today, the home team's victory being by a 4 to 3 score, and the visitors winning 11 to 3. In both games, Pittsburg hit the ball hard, Raymond getting a particularly severe drubbing. Pittsburg would have had taken both games but for the fine relief work of Mathewson in the ninth inning of the first contest. This game had a snail finish. The visitors entered the ninth inning three runs behind. Wagner hit the ball into the leftfield bleachers for a home run and Miller, Abstein and Wilson followed with singles netting another run. Mathewson relieved Wiltse with no one out and two men on bases and halted the scoring. In the second game Pittsburg batted Raymond almost at will, six of their eleven hits being long ones.

New York .....101 000 001— 3 9 4

Brooklyn, Aug. 24.—Rucker outpitched Ewing in a brilliant pitchers' battle today and Brooklyn won over Cincinnati 2 to 0. The first run came in on a wild pitched ball at which Bergen struck and Egan's error. A base on balls and a single by Lennox added another. Ewing fanned eight men.

Cincinnati .....000 000 000—0 5 2
Brooklyn .....000 010 01x—2 6 0

Ewing and Roth; Rucker and Bergen.

Boston, Aug. 24.—Boston won from St. Louis in a well played game today 2 to 3. Brown pitched well until the ninth when he gave the first three batters passes.

St. Louis .....000 000 001—1 8 1
Boston .....010 020 00x—3 7 0

Lush and Bresnahan; Brown, Mattern and Graham.

Philadelphia, Aug. 24.—Chicago shut out Philadelphia in a pitcher's battle here today 1 to 0. Chicago scored in the eighth inning when, with one out, Hoffman tripled to centre and came home on Tinker's grounder which Ward fumbled before throwing the batsman out.

Philadelphia ....000 000 000—0 7 0

American League.

Cleveland, Aug. 24.—After losing four straight, Cleveland beat Washington 7 to 0, Falkenburg holding his former team mates to three hits. Bradley had a finger hurt in the second inning and retired in favor of Perring, who made a single, a double and a triple.

Cleveland .....001 012 03x—7 11 0
Washington ....000 000 000—0 3 0

Falkenburg and Easterly; Witherup and Street.

Detroit, Aug. 24.—After the Philadelphias apparently had the game won today scoring four runs, Detroit counted, the locals knocked Krausse off the slab, doubles by Collins and Delhanty and a single by Crawford coming after an error and base on balls and resulting in four runs. The game ended 7 to 6 in Detroit's favor and was a free hitting contest with considerable loose play on both sides.

The Crime Of Idleness.

Idleness means trouble for any one. Its the same with a lazy liver. It causes constipation, headache, jaundice, sallow complexion, pimples and blotches, loss of appetite, nausea, but Dr. King's New Life Pills soon banish liver troubles and build up your health. 25c at R. R. Bellamy.

SAILORS TAKE LEAD

(Continued From First Page.)

Gettig at second and was himself out attempting second.

A near-score developed in the eighth after Guerrant was out second to first and Smith flew to right. Brodie was hit by a pitched ball and stole second, but Sharp ended the hope short to first. After Giants Smith and Stubbe were out third to first, Otis made a bingle to left, but Kelly fouled to Kite.

In the ninth Brennan led with a single to centre, but was caught napping at first after which Kite and Jayes were out from the infield. The Giants managed to make a last final bingle, but the others were out in order and the game was over.

Summary: Earned runs Wilmington 2; stolen bases Nichols, Guerrant, Brodie; sacrifice hits Guerrant, Brodie, Kite, Jayes, Doak; two base hits Nichols; three base hits Sharp, of Goldsboro; double plays Epler to Kelly; base on balls off Sexton 0, Otis 2; hit by pitcher Brodie; struck out by Sexton 3, Otis 6; passed ball Kite 1; umpire Thompson; time 1:30; attendance 550.

Close at Wilson.

Wilson, N. C., Aug. 24.—It was a battle royal in both games on the Wilson diamond. Luyster and Buckingham were pitted against each other and the mighty wonder Luyster went down for the fourth successive game he has pitched against Wilson. Score:

Fayetteville ....100 000 100—2 5 2
Wilson .....000 300 00x—3 5 2

Luyster and Galvin; Buckingham and Gilmore; umpires Honeycutt, Wilkins, Ohalman and Moore; time 1:35.

In the second game Luyster pitched against Lane and won his game. On a close decision by Umpire Ohalman, there was quite a delay in the game. On account of darkness only eight innings were played. Score:

Squeeze Play in Ninth.

Raleigh, N. C., Aug. 24.—Raleigh defeated Rocky Mount today six to five, after a close game in which a final tie in the ninth was broken through an exciting squeeze play by Crozier, scoring Hart. Score:

Directors at Goldsboro.

The directors of the Eastern Carolina League were in session at Goldsboro last night and until an early hour this morning, passing upon several questions in connection with the closing of the season, including a protest by Raleigh of the games played with Fayetteville in which Luyster participated soon after his sale to that club by Rocky Mount, and a protest by Wilmington of the game won here earlier in the season in which Luyster participated under the name of "Lloyd" before he was relieved of the black list under the National agreement. A long distance telephone message from Goldsboro after 2 o'clock this morning states that the directors were still in session and that nothing had been given out as to the deliberations during the night.

MUSLIN MUTTERINGS.

Another Skunk!

A blankety-blank fine game.

And the Mighty Otis pitched.

Roosting high! Pro Tempore, at any event.

'till it's lost, so let's keep up the winning.

Good boy, Kite; knew you wouldn't let a man steal.

Once more the Sailors put up an errorless article.

"Thanks; Neighborly Fayetteville! The drinks are on us."

Otis whiffed six, strolling two and cracking Brodie for a free base.

Come on now; let's after that 1909 Art Square. The battle's never over

Luyster piled up his revenge against the Tobacconists for that doped-ball episode all right.

Get at it; Sailors! Remember there's a big bonus on storage if you raise the rag.

"No, Mam; the altitude is not too high for us. Remember we Sailors are used to breezes."

Reckon Wilson would like to protest against Nature putting a stop to that last game in the 8th.

The Sailors are doing all that can be done; can't expect them to beat Goldsboro and Wilson, too.

That Brennan boy again wiggled his locust to advantage, chalking up a couple of hits. Brennan's all right.

Old Orie picked up his gondolas and tagged the pin sack for a steal, which shows he hasn't forgotten the art by any means.

Capt. Dick busied himself in the suburbs like a piano playing professor at a Dutch beer fete; and rung up a single to keep his hand in.

Nichols opened the exercises by poling out a double; daringly pilfered 3rd, and domiciled on Guerrant's screamer to the right lot.

Sexton wasn't on thin ice but once, when the Giants grouped two bingles in the 7th; but the following batters reneged on their antecedents and went out one, two, three.

Everybody patronize the Electric Matinee today. It's your last chance. Returns were taken from the Wilson-Fayetteville trouble yesterday, and the rafters were raised after the conclusion of the second game.

ASHEVILLE BANK TRIAL.

Defendants Closed Their Evidence Yesterday—Penland Examined.

(By Wire to the Morning Star.)

Asheville, N. C., Aug. 24.—Defendants closed their evidence in the Breese-Dickerson trial, though requesting the right to cover tomorrow morning any details which have escaped their attention and the district attorney will introduce evidence in rebuttal, the principal witness summoned being former Deputy Comptroller of the Currency, Geo. N. Coffin.

An impending disclosure to the jury was averted by the private consideration and exclusion by Judge Newman of questions to W. H. Penland, former cashier of the bank, by defendants' attorneys asking if he had not been promised immunity from prosecution by the government if he would turn State's evidence and if in consideration of this he had not told all he knew of the bank's matters to the government's counsel.

EDITOR THOMAS DEAD.

Well Known Louisburg Man Passed Away Last Night.

Raleigh N. C., Aug. 24.—A telephone message received here from Louisburg states that Editor J. A. Thomas died there tonight at 10:30 o'clock.

—Salisbury Post: Mr. R. A. Crowell, a former clerk of the court of Stanly county and one of the county's most prominent citizens, spent Friday suffering from a throat affection that has resulted in the partial loss of his voice. He can speak barely above a whisper.
